Environmental Preservation Initiative Series
Adopt A Hummingbird Feeder

As part of the overarching BHOPA Environmental Preservation effort, The Board of Directors has approved the **Adopt A Hummingbird Feeder** program.

Interested owners/businesses/individuals can select a hummingbird feeder from selected locations installed and take on the responsibility of its maintenance:

- Refiling the feeder-see below for nectar recipe
- Keeping it clean
- Report any issues to Management

Volunteer will be provided with a certificate of appreciation and will be featured on BHOPA website and announced via news alert to the bigger audience distribution list.

Should you have an interest, please contact Brian at the management office at Brian@AyZarInc.Com.

Hummingbird Nectar Recipe. Mix 1 part **sugar** with 4 parts **water** (for example, 1 cup of **sugar** with 4 cups of **water**) until the **sugar** is dissolved. Do not add red dye. Fill your hummingbird feeders with the **sugar water** and place outside. Extra **sugar water** can be stored in a refrigerator.
