

# Gallery of Diamonds Coming to Brookhollow!

This will be the third time “Orange County’s favorite jeweler” has outgrown its home. Diamond Mike and Carmen Watson opened Gallery of Diamonds in 1991 in the city of Costa Mesa. Coming in February, the store that started the Why Mom Deserves a Diamond contest will be moving to Brookhollow.

Diamond Mike holds a BS in Business Administration from Indiana University. He began as a diamond broker in 1981 and later earned the title of gemologist from the Gemological Institute of America. Carmen graduated in Guatemala with a teachers degree and earned the GIA certificate for diamond grading. She manages the operations and the internet orders.

The store offers modern and vintage jewelry, insurance appraisals and jewelry repair. Thousands of people currently wear designs created by Gallery of Diamonds, who became known for its unusual jewelry creations.

Diamond Mike established the Why Mom Deserves a Diamond contest in 1993 to allow all kids to show their appreciation for their moms. Winning families come to Gallery of Diamonds for an unforgettable experience.

“We are excited to bring the spirit of our jewelry store to the magical charm of Brookhollow.” Diamond Mike.
